

Electrical buses in Skåne

2019-08-28

Electrical buses in Skåne

Trolleybuses in Landskrona

5 buses in traffic. The 3 oldest since 2003.
 All 5 buses will be in operation until 2024.
 Running very well
 Skoda/Solaris

Depotcharged buses in Ängelholm

In traffic since January 2016. All batteries have been replaced in 2019. BYD took the whole cost for the replacement. Problems with the heating in wintertime. Heater replaced with a more effective one. HVO powered heater.
 BYD

Skånetrafiken

Electrical buses in Skåne

Pantographcharged buses in Malmö

In traffic since december 2018. In the beginning problems with charging.
Today much better, but still some problems with the chargers, but much less.

Volvo

Depotcharged buses in Landskrona

In traffic since januari 2019. Only minor problems, mostly related to door issues.
